

50 mm LASER WATERPROOF TRACKBALLS

IP65/IP68 sealed - vandalproof - 9 versions

TSX50 series

The TSX series are waterproof and vandalproof industrial trackball units and uses the latest generation of laser trackballs.

These trackballs are highly suited for harsh industrial environments thanks to their robustness and ease of maintenance. They feature a removable top ring facilitating the cleaning of ball and ball compartment for use in even the most dusty environments. The concept itself of these laser trackballs make them waterproof as well.

The use of stainless steel for the various parts ensures the best resistance in salty or greasy environments. Due to its outstanding sealing, its professional style and its industrial robustness, this trackball unit is the best suited pointing device for all harsh or hostile environments, indoor and outdoor.

All panel mount types are supplied with a silicone sponge seal ring for adequate sealing into the customers' panel or console. A cover plate on the rear side protects the components.

Fields of applications are very wide: public access- and information kiosks, internet- and entertainment terminals, navigation controls, food industry, processing industries and many others.

Available in 9 different versions:

PANEL MOUNT VERSION

- Front panel mounting with studs OR
- Front panel mounting with holes (for countersunk M4 screws, not included)

Choice of switches and carrier plate IP65 pushbutton switches OR IP68 short travel switches

Choice of carrier plate blank stainless steel carrier OR matt blackened stainless steel carrier

ENCLOSED VERSION

- Enclosed version: complete blank stainless steel and IP68 short travel switches

SPECIFICATIONS

Sealing : waterproof trackball module

Carrier plate : stainless steel
Ball diameter : 50,8 mm(2")
Ball material : polyester
Tracking force : nom. 50 grams

Lifetime : >= 2 million ball revolutions Cable : shielded, straight 1,6 m long

Operating t° range : -10°C to +60°C Storage t° range : -25°C to +80°C

Dimensions / weight

Panel mount : 100 x 116 x 50 mm / 0,6 kg Enclosed : 200 x 120 x 63 cm / 1,3 kg

Buttons pushbutton short travel Sealing IP65 IP68 Travel 1,3mm 0.5mm Operating force 4N 4 N Material stainless steel Mechanical life 1 million 3 million

CE: compliant to EMC Directive 89/336/EEC for

Electromagnetic Compatibility. Low Voltage Directive 73/23/EEC

not applicable for our trackballs.
